Portfolio: https://cjoynerw.github.io/portfolio-v2/

As a software engineer, I bring innovation and ingenuity to every problem. I work diligently and creatively to ensure the end goal of the company is achieved.

SKILLS

HTML, CSS, JavaScript, React, Bootstrap, Flexbox, SCSS, Express, Node, MongoDB, Git, GitHub, Linux

EXPERIENCE

General Assembly - *Software Engineering Immersive Student (480 Hours)*

June 2020 - September 2020

At General Assembly, I was a student for several months where I learned several skills to turn myself into a knowledgeable developer. Here's some insight to my work at GA:

- **Chris's Pokedex** - Chris's Pokedex is a simple app that allows users to input a Pokemon's name. After the name is entered, the Pokedex will display the type, height, weight, and ability of the Pokemon.
- **ShoppyCart** - ShoppyCart is a MERN stack shopping app that allows you to create shopping lists for your favorite stores. Users are able to login using user authentication, create shopping lists for specific stores and add items to those lists.
- **Doodle Jump Clone** - Doodle Jump is a mobile app that was popular in the early days of the iPhone. Users can move the doodler back and forth to land on as many platforms as possible. If the doodler hits the ground, the game is over.

More projects in my portfolio at https://cjoynerw.github.io/portfolio-v2/

eXp Realty - *Real Estate Agent*

May 2019 - June 2020

As a real estate agent in the state of Texas, I used my skills in negotiation and detail orientation to assist with real estate transactions.

Just Mortgages, Inc. - *Mortgage Loan Processor*

August 2016 - August 2017

> As a mortgage loan processor, I was responsible for facilitating the loan side of real estate transactions. Loan processors must be extremely detail oriented so this is where I learned to have extreme attention to detail.

EDUCATION

General Assembly, Online - *Software Engineering Immersive Program*

June 2020 - September 2020

Champions School of Real Estate, Dallas, TX - *Real Estate Agent License*

March 2019 - May 2019

AWARDS

Certificate of Leadership - *Awarded by Bethany College, 2017*

- I received this award my freshman year in college for maintaining a 3.0 or above GPA and performing community service for the kids and community of Lindsborg. I was a soccer & track coach for the elementary kids.
